Keep your eye on the label on this paper. If it is not up to date do not be surprised if next week your Call fails to arrive.

## The Victorday Day Celebration Prove a Grand Success

Victoria Day 1919 is destined to live long in the memories of all who were fortunate enough to have spent that happy holiday in Gleichen. In years to come we will look back upon this day and tell our friends of the real old fashioned day and how all joined as one big family in having a day of good sport.

That is not all. It was also the day when the Gleichen District Agricultural Association was born anew. When the seal of approval was stamped indelibly upon the months of work of a few zealous men in reorganizing the Association and placing it on a sound financial basis, and, most difficult of all, reconciling those who had differences of opinions and getting all to work harmoniously together, which is no light task. And now future success is assured and we may look forward to many similar pleasant holidays and a successful exhibitions.

The celebration started the previous evening in the Opera House when the Gleichen Girls Club entertained the biggest crowd that ever attended a dance in this town, and the girls proved entertainers of high order, for we have yet to hear of one who had a fault to find—a record for our fair ladies, and they realized about \$145 to their good. When it is said no less than eleven autos came all the way from Calgary to attend this dance some little idea may possibly be gleaned of how many came from nearer points, lining the streets for blocks around, while the last rooms in the hotels were taken by 8 o'clock that evening.

Yet the crowd at the dance was not a patch on the number who arrived in town by noon on Victoria Day, when the Citizens Band paraded to the Fair grounds.

When it is stated there was no charge of admission for children and the gate receipts were \$541.75 it must be admitted that not less than 1000 persons were present on the grounds that afternoon. A pretty good attendance for so short a notice; in fact the largest ever seen on our Fair grounds, save for stampede days.

A big crowd does not always mean a success and so it was on this occasion. To the committee in charge, namely, Chairman Chris. Bartsch, Messrs. Beach, Young, James, McMillan, Walsh and Secretary Mallory, belong the credit for the arranging and carrying out of a program without a hitch and yet containing a variety of events that pleased every person.

To accomplish this a vast amount of work was required and assistance, which was readily given by the farmers and townspeople, who attended the clean-up days at the Fair grounds and put the race track, fences, and everything in first class shape.

The open air dance platform proved a very attractive feature and was well patronized. It was here a great crowd assembled in the evening and it was then the only mar of the entire day was expressed when the band announced about 10 o'clock they could blow no more and the young people clamored for more of the light fantastic. It is to be regretted our popular bandmaster did not foresee this contingency and no doubt he will make different arrangements when the occasion arises again.

The Bassano and Gleichen Junior Baseball teams started off the big day's sports by playing an excellent match, resulting in a score of 7 to 9 in favor of the home team. The boys were all eager to do their very best and it is not surprising if they felt a little nervous in playing before such a big crowd of spectators, and it must have helped them a great deal to hear the deafening shouts of encouragement the school girls gave for their respective teams.

The playing on the part of both teams was surprisingly good and it was good to see the manly way in which they accepted the close decisions of the umpire, who hailed from Strathmore. In fact many older people might well take a lesson from the boys in this regard.

Appended is the lineup and score of the juniors:

	Bassano	Gleichen
Gray	2nd b.	Wilson
McCousinday	1st b.	Wishart
Haynes	r.f.	Bartsch
Brennan	c.	James
Marquat	p.	Plante
King	c.f.	O Lyon
Walters	s.s.	Robinson
Mills	l.f.	McMullan
Henshaw	3rd b.	Brereton
Score		Total
Bassano	0 1 2 0 0 2 1 1	7
Gleichen	0 0 3 0 1 0 4 1	9

The horse races were not numerous, but they were fast and exciting and there no long tiresome waits between events that too often char-

acterize these races, making the crowd restless and spoiling the interest.

The cowboy turn, race was won by Donald McMaster, with Douglas James taking second money in a very interesting contest.

The quarter-mile cowboy running race was keenly contested, Jack Moss securing first place, while Douglas James and Ken McPhee won second and third honors.

There were only two entries in the Shetland, but it was one of the most interesting, both ponies running neck and neck for nearly the whole distance. The finish was so close that the judges decided to make the race a draw. The contestants were Douglas and Stanley Young, one riding his own pony and the other riding Pat Beach's pony.

Boys running race, 7 years and under—1st Hugh James, 2nd Elmer Sanders and 3rd Russell Dunsmuir.

Girls running race, 7 years and under—Edna Woods and Kathleen Woods.

Boys running, 10 years and under—Herman Hayes, Charlie Wood and Stanley Young.

Girls running, 10 years and under—Evelyn Woods, Erilla Daniels and Charlotte Morton.

Boys three-legged race—Charlie Plante and Bertie James, and 2nd Lionel Brereton and Orland Lyon.

Girls three-legged race—Annie Weddall and Vivian Brown, and 2nd Evelyn Woods and Verna Ingraham.

Boys sack race—Charlie Plante, Cecil Lyon, and David Hellekson.

Girls sack race—Annie Weddall, Evelyn Woods and Vivian Brown.

Potato race—Roy Wishart, Walter McKay and David Hellekson.

Relay race Gleichen team vs. Bassano. Gleichen team won, consisting of Charlie Plante, Roy Wishart, Bertie James, Orland Lyon and Lionel Brereton.

Boys running, 15 years and under—Bertie James, Roy Wishart and Orland Lyon.

Girls running, 15 years and under—A Hagey, Eliza Wilson and Bertha Robinson.

The rivals of years once more met on the diamond and after a hard fought battle Strathmore quit the field victorious, with a score of 9 to 7 in their favor. The first three innings were about even and it began to appear that the honors were to be kept pretty even, but in the fourth Gleichen mixed things rather badly and Strathmore ran up a score of five, while the locals counted only two. The score stood at 5 to 3 until the 7th when Gleichen added two more, but in the 9th the visitors counted another score and went home happy.

Harold Dunn as umpire and J. VanTegam, base umpire, had their troubles at times, but on the whole it was a very pleasant match for these rivals, and there next meeting should be cordial and interesting.

Following is the lineup of the teams:

	Strathmore	Gleichen
Kennet	c.	Wade
Demson	r.f.	Allstot
Knight	2nd b.	McIntyre
White	c.f.	Payne
P. Bushman	1st	Bob McArthur
H. Bushman	s.s.	Hutton
Jenkins	3rd	J. McArthur
Lodteg	l.f.	Mace
Jacobs	p.	Stevenson
Score		
Strathmore	1 1 1 5 0 0 0 0	9
Gleichen	2 1 0 2 0 0 2 0	7

Stevenson is our only new man on the local team and he pitches a good ball, but tired and was relieved by our old friend Wilson.

Everyone was more than pleased

## New Taxes in Jamaica

Kingston, Jamaica.—To meet a  
deficit of \$700,000, the legislative  
council has imposed a tax of 25 cents  
on each parcel unloaded here from steam-  
ers. Commercial travellers will also  
be subject to a tax.

## Pills for Nervous Troubles

The stomach is the centre of the nervous  
system, and when the stomach sus-  
pends healthy action the result is  
manifest in disturbances of the  
nerves. If allowed to persist, nervous  
debility, a dangerous ailment, may en-  
sue. The first consideration is to re-  
store the stomach to proper action,  
and there is no readier remedy for  
this than Parnele's Vegetable Pills.  
Thousands can attest the virtue of  
these pills in curing nervous dis-  
orders.

It is said that several of the best  
penmen at the stockyards are unable  
to write.

## "Completely Discouraged"

Is the feeling and plaint of women who  
are "run-down" so low that work drags,  
head aches, back aches, dragging down  
feelings, dizziness, pale and weak,  
little things annoy and "everything  
goes wrong."  
Look the other  
way just a minute  
and see what Dr.  
Pierce's Favorite  
Prescription has  
done for more  
than a million  
women in the last  
fifty years.

What it has done  
for others it can  
do for you.

A helping hand  
to lift up weak,  
tired, over-taxed  
women—that's  
Pierce's Favorite  
Prescription. It gives you just the help  
that you need. To be had in liquid or  
tablet form, 60 cents, at all drug  
stores.

It is a medicine that's made especially  
to build up women's strength and to cure  
women's ailments—an invigorating,  
restorative tonic, soothing cordial and  
bracing nerve; purely vegetable, non-  
alcoholic, and perfectly harmless.

ing 10c. to Dr. Pierce, Buffalo, N. Y.

TILLSONBURG, ONT.—A few years ago  
I had a severe nervous breakdown. I  
would have pains in my head and would  
suffer with backache. I was ailing for  
about two years. Had doctored but did  
not seem to get cured of the ailment. At  
last I took Dr. Pierce's Favorite Prescrip-  
tion and it did me more good than any  
medicine I ever took. It built me up and  
I felt better in every way than I had for  
two years previously.—Mrs. L. HEATE.

## Boy Breeders of Baby Beef

Young Farmers Greatly Encouraged  
By Prices Received

Encouragement in a tangible form  
to the young raisers of baby beef in  
Manitoba was given at Brandon recent-  
ly, when about 60 calves which had  
been cared for by boys of the province  
were sold in record time at prices  
ranging from twenty to forty-one  
cents a pound. Buyers from the  
leading packing houses are said to  
have smothered the auction ring with  
bids. The prices the boys received  
are a great encouragement to this  
generation of farmers, though  
many found it hard to part with their  
pets. But their work will have an im-  
portant bearing on the livestock in-  
dustry of the future, and their reward  
should encourage them to come back  
stronger every year.

Only the uninformed endure the  
agony of corns. The knowing ones  
apply Holloway's Corn Cure and get  
relief.

## Big Enterprise To be Launched

For Further Development of British  
Columbia Lumber Industry

What is undoubtedly one of the  
most gigantic lumber enterprises ever  
conceived, and a scheme which is  
fraught with tremendous possibilities  
in the development of the British Co-  
lumbian lumber industry is about to be  
launched by a strong syndicate, says  
a dispatch from Victoria. This syn-  
dicate is said to be headed by a well-  
known New York financier, and its  
operations will be conducted on a co-  
lossal and world-wide scale.

The dispatch goes on to say that  
the syndicate by British interests to  
deliver 30,000,000 feet of lumber,  
which, in the event of a satisfactory  
agreement being reached on purchase  
price with the saw mills and lumber  
manufacturers, will be supplied by  
British Columbia mills; and in addi-  
tion to this huge contract, further con-  
tracts are pending from European in-  
terests for an unlimited quantity of  
lumber that will run into billions of  
feet and will keep the mills of the  
province operating day and night at  
full capacity.

## Terms Not Harsh

London, England.—On his arrival  
in London from America, Earl Reading  
stated; in the course of an inter-  
view, that he did not consider the  
peace terms unnecessarily harsh. Re-  
garding the German contention that  
the treaty went beyond the 14 points  
of President Wilson, Earl Reading  
said: "President Wilson's acceptance  
of the treaty provided the best an-  
swer, for being the author of them,  
he was the best interpreter."

## Too Deep for Him

An Irish sailor, after pulling in  
fifty fathoms of line, muttered to him-  
self: "Sure, it's as long as today  
and tomorrow! It's a good week's  
work for five men. More of it yet?  
The say's mighty deep, to be sure!"  
Then he suddenly stopped short; and,  
looking up to the officer on watch, he  
exclaimed: "Bad luck to me, sorr if  
I don't belave somebody's cut off the  
other end of this line!"

If a man is right he doesn't have  
to get mad about it.

## Bank Clearings Increasing

Indicate Healthy Business Conditions  
in Prairie Provinces

In the bank clearing returns for  
April of Western Canada cities are  
signs of greater business activity,  
which will no doubt be more accentuated  
during the next few months.  
Compared with April last year, the  
increase at Calgary was over half a  
million dollars—\$6,594,744, as against  
\$6,081,990 a year ago.

At Edmonton, Alberta, there was a  
jump from \$14,761,201 to \$16,826,237,  
a gain of more than two million dol-  
lars. Such increases are typical of  
the returns at the other cities  
throughout the three provinces, and  
not being confined to one or two  
places, are indicative of the healthy  
business conditions generally prevail-  
ing.

## Reason for His Courtesy

"Hey, there," said a motorist  
blocked by a load of hay. "I say there,  
pull up and let me by. You seemed  
in a hurry to let that other fellow's  
carriage get past."

"That's 'cos his horse was eatin' my  
hay," returned the farmer. "There  
ain't no danger of yew eatin' it, I re-  
ckon."—Judge.

## Italian Dispute Not Settled

Paris.—Conferences during the past  
two days on the Italian issue have not  
succeeded in reaching an accord, as  
was expected. The Italians made a  
number of concessions, including re-  
cognition of Fiume as a free city, and  
the giving up of considerable portions  
of Istria, including the important  
quicksilver district.

The Italians, however, are unwill-  
ing to yield Zara, or Semenco, on  
the Dalmatian coast. The Jugo-Slavs  
are not disposed to accept the Italian  
concessions as sufficient, and there  
are prospects of a further extended  
period of negotiations.

Mrs. Riches Proves Once Again That  
Dodd's Kidney Pills Cure

She Suffered for Seventeen Years  
from Kidney Trouble and Now a  
Well Woman Says, "Dodd's Kidney  
Pills Cured Me."

St. Denis, Riviere, Richelieu, Que-  
bec, May 26th.—(Special).—One  
of the most remarkable cures in the long  
record made by Dodd's Kidney Pills  
is that of Mde. Alf. Riches, well  
known and highly respected here. For  
seventeen years Mrs. Riches was a  
sufferer from kidney disease in its  
worst forms. Today she is a well  
woman. And she says with an earn-  
estness born of conviction, "Dodd's  
Kidney Pills cured me."

"I suffered for seventeen long  
years," Mrs. Riches goes on to say.  
"From backache, headache and sleep-  
lessness my troubles grew to rheuma-  
tism and diabetes. I tried the doc-  
tor and other medicines, but I got no  
lasting good till I tried Dodd's Kid-  
ney Pills. I took 12 boxes of them  
in all. They cured me."

Dodd's Kidney Pills are purely and  
simply a kidney remedy. But no case  
of kidney trouble is too severe or of  
too long standing to resist them. If  
you haven't used Dodd's Kidney Pills,  
ask your neighbors about them.

## Turks Fight Greeks

Constantinople.—In the fight-  
ing which took place after the  
landing of Greek troops at  
Smyrna, 300 Turks and 100  
Greeks were killed.

The fighting took place for  
the most part in the Turkish  
quarter of the town, where the  
Greeks were met by heavy rifle  
fire.

Paris.—A political crisis has  
arisen in Constantinople since  
the debarkation of Greek and  
allied forces at Smyrna, the  
Journal says. The Turkish  
Grand Vizier or prime minister  
is said to have resigned.

## Y.M.C.A. Notes

Rural Communities Support Cam-  
paign—Time Will Be Extended  
on Account of Seeding

The rural communities of Manitoba  
received the Y.M.C.A. with open arms  
when they launched the great Red  
Triangle campaign for \$1,100,000 with  
which to carry out the association's  
reconstruction programme for men  
and boys in Canada, which includes  
the extension of the Y.M.C.A.'s in-  
fluence and work into the smaller towns,  
the villages and the farming districts  
of uttermost Canada, as well as in  
her great cities.

There are, however, difficulties in  
country canvassing such as are not  
encountered in town. Seeding season  
in rural Canada is the most import-  
ant time of the year, when every  
hour lost means a loss of dollars. It  
is inconvenient, if not impossible, for  
the canvasser, even in the worst case,  
to interview the farmer in seed  
time. It is impracticable for the far-  
mer, at the mid-season between seed-  
time and harvest, when cash is scarce-  
st, to make any cash outlay until he  
knows how he will "stand" at the end  
of seeding.

Owing to these conditions, the  
campaign of the "Y" in the country  
will be extended. It will not be pos-  
sible to consider it over until well on  
in June, as a great many intending  
subscribers, who recognize the value  
of the Y.M.C.A. work and are eager  
to have the "Y" extend its operations  
into the rural places and villages,  
would be thereby excluded. The rural  
municipalities have accepted their  
allotments willingly, and there is no  
doubt that the country people are be-  
hind the Y.M.C.A. One of the associa-  
tion's organizers, Rev. Mr. Rowell,  
went into the district of Steinbach,  
Man., where a local adviser had told  
him it was futile to go. This district,  
partly English-speaking and partly  
French-speaking, gave Mr. Rowell  
\$576.

In its work of campaigning, the  
Y.M.C.A. has heard rumors of criti-  
cism. Some of these, as reported by  
the organizers, the "Y" has had an  
opportunity to answer, and has done  
so successfully in every such case. In  
this connection, it may be said that  
analysis of most of these criticisms  
has revealed the fact that the Cana-  
dian "Y" was not included in the  
criticism.

It would be quite impossible for an  
organization the size of the Canadian  
Y.M.C.A., performing work under the  
difficulties, the "Y" encountered, to  
proceed with absolute faultlessness.  
Being a human organization, the Cana-  
dian Y.M.C.A. has no doubt made  
mistakes in its initial steps, but in  
each it has sought to find a guide to  
more efficient service. An instance of  
the general satisfaction with the meth-  
ods of the Canadian Y.M.C.A. has  
been the way the financial statement  
of the association, published recently,  
has been received. Its reception has  
in fact been so favorable that this has  
been one of the strongest talking  
points of the canvassers throughout  
the campaign. This financial state-  
ment showed the degree of excellence  
to which the Young Men's Christian  
Association, with its seventy-five  
years' experience, has brought the  
business of administering public sub-  
scriptions to social service.

## Belgium Grateful For British Help

Lacked Everything on the Day Fol-  
lowing the Armistice

London, England.—The War Office  
has issued for publication the text of  
a letter from the Belgian Premier to  
Sir Douglas Haig on the relinquish-  
ment of the latter's command. The  
letter expresses Belgium's genuine  
gratitude and profound acknowl-  
edgments for the British army's priceless  
aid and support to the Belgian army  
during the worst months of the war,  
and the manner in which it befriended  
the Belgian population during the  
war and since the armistice.

"We lacked everything on the day  
following the armistice," the letter  
concludes. "Belgium was almost ex-  
piring, but thanks to your warm ben-  
evolence, she has revived."

Sir Douglas Haig replied that it  
was the British army's privilege to  
come to the assistance of a nation  
whose loyalty and deep sense of honor  
made no account of the overwhelming  
strength of forces which threaten-  
ed its existence.

Berlin.—Germany declines to sign

cause it spells the economic destruc-  
tion, political dishonor and moral de-  
gradation of the entire German nation,  
not only for the present, but also for  
still unborn generations, was a state-  
ment authorized by the cabinet  
through the Associated Press.

"That these consequences must  
logically follow acceptance of the  
peace conditions, the United States  
press itself has recognized without  
question," the statement continues.

"Toward them Germany took the  
standpoint that acceptance of such  
conditions could not be demanded and  
that the entente was unjustified in im-  
posing such demands."

## By Keeping the Liver Right

The Health of the Vital Organs Is  
Maintained and Serious Disease  
Is Avoided

Brandon, Man. — The secret of  
health in the home is found in keep-  
ing the liver, kidneys and bowels in  
healthy working order. The liver is  
usually first to get out of order, and  
there come headache, indigestion,  
dizzy spells and biliousness to make  
life miserable.

Mrs. Cook tells how they have  
learned to avoid such derangements  
by the timely use of Dr. Chase's  
Kidney-Liver Pills: As she says in her  
letter, they could scarcely keep house  
without them.

Mrs. G. L. Cook, 248 10th street,  
Brandon, Man., writes: "I have been  
using Dr. Chase's Kidney-Liver Pills  
for the last four years for liver  
trouble, and can say I have had  
great satisfaction and help from  
using them. I find I don't need any  
doctor if I use them. I just think  
they are the thing for me, and my  
husband uses them for his kidneys and  
thinks them a great help. He also  
uses Dr. Chase's Ointment and finds  
no equal to it for piles. I just sent  
last week and got four boxes of Pills  
and one box of Ointment. My daugh-  
ter in Winnipeg has used the Pills  
and found they helped her a great  
deal. We say we can't keep house  
without them and that I have cheated  
the doctors here out of a good many  
visits they had before I began  
using your Pills and I can truthfully  
say I think Dr. Chase's Medicines are  
just the thing."

Dr. Chase's Kidney-Liver Pills, one  
pill a dose, 25 cents a box, at all de-  
alers, or Edmondson, Bates & Co., Lim-  
ited, Toronto.

Insist on seeing the portrait and  
signature of A. W. Chase, M.D., on  
the box you buy. This is your pro-  
tection against imitations.

If people never changed their  
minds, humanity would still be in the  
stone age.

The man who lives for himself  
alone has not much to live for.

Asthma Can Be Cured.—Its suffer-  
ing is as needless as it is terrible to  
endure. After its many years of re-  
lief of the most stubborn cures no  
sufferer can doubt the perfect effec-  
tiveness of Dr. J. D. Kellogg's Asthma  
Remedy. Comfort of body and  
peace of mind return with its use  
and nights of sound sleep come back for  
good. Ask your druggist; he can  
supply you.

Two friends met in the Strand the  
morning after an airplane raid.

"Any damage done your way?" the  
first asked.

"Damage? Rather!" answered the  
other. "Father and mother were  
blown clean out of the window. The  
neighbors say it's the first time  
they've been seen to leave the house  
together in seventeen years."

## The Town That Was Born Lucky

Western Canada Irrigation Con-  
vention to Be Held at Medicine  
Hat

It was Rudyard Kipling who de-  
scribed Medicine Hat, Alberta, as "the  
town that was born lucky." And pos-  
sibly as it does within its limits  
inexhaustible supplies of natural gas,  
available for heating and power, its  
inhabitants have a great advantage  
over people in most other cities.  
Medicine Hat is already the home of  
some of the largest industries in  
Western Canada, including flour mills,  
iron foundries, clay products plant,  
rolling mills and several other manu-  
factories. But in addition to this it  
is one of the most beautiful cities in  
Western Canada.

The Western Canada Irrigation As-  
sociation has chosen Medicine Hat  
for its convention this year, to be held  
during the first three days of the  
week beginning August 4th. It may  
at first seem strange that a city pri-  
marily associated with manufacturing  
should be selected as a convention  
point by an organization whose work  
is so closely related to agriculture.  
Medicine Hat is greatly interested in  
irrigation and agriculture, however,  
being one of the triangle of cities in  
or bordering on the irrigated area of  
Southern Alberta.

## Beer Drinking

Beer Drinkers Appear to Succumb  
Very Readily to Disease

There seems to be a large number  
who do not know that the beer drink-  
er seldom lives to be much over 60  
years of age.

Beer drinkers drop off with what  
should have been mild and easily cur-  
able diseases. Even moderate beer-  
drinkers have a poorer chance of re-  
covery, especially from blood poison-  
ing and pneumonia, than the total ab-  
stainer. The first organs to be at-  
tacked are the kidneys, and then  
comes Bright's disease and dropsy,  
certain to be fatal.

Over thirty years ago a number of  
medical men began advising their pa-  
tients that they had better leave beer  
alone and drink whiskey instead, and  
there are few reputable physicians  
who would not give the same advice  
today.

A few years ago Mr. J. H. Adams,  
on behalf of the Baltimore Sun, in-  
vestigated the working of prohibition  
in some of the Southern States, and  
he concluded that whiskey produces  
more violence than beer, but that beer  
decreases, much more than whiskey,  
the aggregate prosperity, happiness  
and efficiency of the community. He  
said "the beer trade, ten times more  
than the whiskey trade, produces the  
evils belonging to the sale of liquor  
as an institution."

The brewers are going to make a  
desperate effort to compel us to re-  
turn to the old drunkard-making bar-  
room. The friends of temperance  
must see that their names are on the  
voters' list and vote "no" to every one  
of the questions. Don't miss one or  
it will spoil your ballot.

## "Black Watch" The Best Black Plug Chewing Tobacco on the Market

## Possibilities in Bee-Keeping

Excellent Opportunity for the In-  
dustry in Western Canada

Bee-keeping is one of the farm in-  
dustries in which there are great pos-  
sibilities in Western Canada.

"We have," says a writer in the  
Nor-West Farmer, "everything needed  
except the bees and the bee-keep-  
ers—a climate that is well adapted  
to the industry, plenty of honey-bear-  
ing plants and the best market in  
America for the product. But we are  
paying forty cents a pound for honey  
shipped in from Ontario and Ohio,  
and are letting our own raw material  
go to waste. Honey these days is  
about the most expensive luxury that  
goes on to the consumer's table, but  
he buys the imported product, never-  
theless, and pays freight, customs  
duty and substantial profits to several  
handlers. Only a very small per-  
centage of the honey used in these pro-  
vinces is produced at home. Bee-  
keeping is an industry we could very  
well develop."

"Certainly there will always be  
an unequalled market in these  
provinces for all the honey that can  
be produced. There is no question  
about that. To give some idea of the  
returns from bee-keeping it may be  
stated that in 1918 in Manitoba 14,736  
colonies of bees produced 944,000  
pounds of honey, an average of 64  
pounds per colony. Demand for bees  
from beginners is larger than usual  
this spring. Swarms are selling at  
about \$

### Encouragement for the Agricultural Association

The popularity of the Gleichen District Agricultural Association has been proven beyond doubt by the great attendance at the Victoria Day celebration last Saturday, and it is most encouraging to the few who reorganized the Association to know that their efforts are appreciated in a substantial manner.

This acknowledgement should spur the members on to greater efforts, and they will not rest easy until they have secured as members every enterprising man in this district and let us also hope most of them will see it is not only to their advantage to become shareholders but it is their duty.

Our Association's aims have recently been enlarged to make it not only an organization to encourage better agriculture production and the raising of better livestock, but to help both collectively and individually the members. The idea is to bring the town people and the farmers nearer together, and when any person has a grievance to report it at the meeting when every effort will be made to adjust the difficulty. Thus it is hoped much good can be accomplished and a better feeling generated between the town and country.

It is also hoped to have some influence with the governments and railroads and if all will lay their complaints or road repairs and other troubles the united action of the town and country should bear no little weight with the powers that be.

There is great credit due the committee in charge of the sports. It is not an easy matter by any means to arrange and carry out a program to suit every person, but the committee managed it without a hitch. This, too, adds materially to the popularity of the Association and assures the members that future efforts will assuredly have the support of the public.

### Great Work for the Women's Institute

The reorganization of the Gleichen Women's Institute is a step in the right direction, as the building of the new Gleichen Agricultural School requires just such a society as this. It is expected more than a hundred young girls will be enrolled in our school next fall and it is up to the ladies of Gleichen to take a deep interest in their welfare at all times and particularly at the opening. Every lady knows how a mother will appreciate the knowledge that when their girls reach Gleichen they will be watched over and cared for by the ladies of the Institute. The Institute has a very important part to take from now on and every lady in this district should become a member and do all she can in this matter as well as assist in the many other things the organization is attempting to make life more interesting and happier for women.

The Gleichen Girls Club proved that they know how to give a successful dance financially, and also make every one enjoy themselves. They deserve their basketball outfit and may they enjoy it. The Girls Club could be made a very useful society and the wonder is they were not organized during the war. They could have accomplished wonderful things along Red Cross lines, as it is few of our girls can talk much when the boys come home of how they were doing their "bit" at home.

### Important Notice to Subscribers

The Gleichen Call has now the date now printed on the labels of subscribers and has sent the following notice to those in arrears attached to the account. Read it carefully please:

We have just completed a new mailing list and in going over the hundreds of accounts expect we have made some errors and would ask you to examine carefully the above statement of your account and address. In future the label on every paper you receive will bear the date to which your subscription is paid, and if not paid in advance within 30 DAYS after that date the name will be cut off our list.

You will readily understand that with the great increased cost of paper this is the only way we can keep going without raising our rate of subscription. The cost of time, stationery and postage is also to be considered and in future only one statement will be mailed you.

We feel sure you will appreciate our position in the matter and will acknowledge 30 days is ample time in which to pay so small an amount as \$1.50. Thanking you in anticipation of an early reply.

## BUY A N IRRIGATED FARM FROM THE CANADIAN PACIFIC RAILWAY BECAUSE:

Irrigation makes the farmer independent of rainfall, and insures good crops, not occasionally, but every year.

Irrigation makes possible the successful culture of alfalfa, the king of fodders, which insures good returns in dairying and mixed farming.

Irrigation means intensive farming and close settlement with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the years that it has been tried having absolutely demonstrated its success wherever intelligently applied.

This is the most liberal offer of irrigated farm land on record. For full particulars apply to

### NINE SCHOOL LUNCHEONS

After an exhaustive study the Home Economics Division of the Department of Agriculture have determined just what you should put in the children's lunch baskets when they go to school. Nine practical school lunches have been selected. They contain according to the experts the right amounts of fats, proteins, starch, sweets, and the thousand and one other things that go to make up food for human consumption. Here are the nine:

1. Sandwiches with sliced tender meat for filling, baked apples, cookies or a few lumps of sugar.
2. Slices of meat loaf or bean loaf; bread and butter sandwiches; stewed fruit; small frosted cake.
3. Crisp rolls, hollowed out and filled with chopped meat or fish, moistened and seasoned, or mixed with salad dressing; orange, apple, a mixture of sliced fruits, or berries; cake.
4. Lettuce or celery sandwiches; cup custard; jelly sandwiches.
5. Cottage cheese and chopped green pepper sandwiches, or a pot of cream cheese with bread-and-butter sandwiches; peanut sandwiches; fruit, cake.
6. Hard-boiled eggs; crisp baking powder biscuits; celery or radishes; brown sugar or maple sugar sandwiches.
7. Bottle of milk; thin corn bread and butter, apples, apple.
8. Raisin or nut bread with butter; cheese; orange; maple sugar.
9. Baked bean and lettuce sandwiches; apple sauce; sweet chocolate. The rotation of a bottle of milk is suggested in one of the menus, but of course taking milk to school in warm weather would be impracticable unless means were provided for keeping it chilled until it is consumed.

### Khaki Hits Some Trades

While most things have risen greatly in price in London, haberdashery is cheaper. Millions are wearing khaki who in ordinary times would patronize the haberdasher's shops, as linen collars and shirts, studs, cuff buttons and neckties are in slight demand.

## OPPORTUNITY for Retail Merchants

THE next few years will mark a tremendous change in the business of retailing.

Motor Transportation, now reduced to a low-cost basis, gives retailers a great opportunity for business growth because it widens their trading area.

The Ford One-Ton Truck makes available this opportunity. It is Motor Transportation at low cost—low first cost, low maintenance cost, low operating cost.

A small outlay will motorize

your deliveries and open to you the opportunity for business expansion.

Complete Trucks—Two Standard Bodies

Ordinary hauling and delivery work can be best adapted to two standard types—the Stake Body and the Express Body.

These two body types are kept in stock ready for immediate delivery. They insure the maximum efficiency from the Ford Truck.

Both types have the Enclosed Cab with the two-way windshield which gives the driver proper protection from the weather.

# Wants Prompt Action For To Save Russia

Paris.—A. F. Kerensky and members of the Parisian Union for the Regeneration of Russia have issued an appeal to the democracies of the world for prompt action, with a view to helping Russia out of her present chaotic condition. It proposes the organization of a mission composed of delegates from all the powers, and including representatives of organized labor, which will go to Russia and explain to the people and the different Russian governments the democratic aims they are pursuing.

The appeal says: "It should be stated categorically that the different governments repudiate the idea of any intervention likely to infringe upon the sovereign rights of Russia."

## German People Are Learning the Truth

Have Been Ignorant of Acts Committed by Armies

Paris.—The German peace delegation, through the German correspondents, seems to be trying to prepare their country for the acceptance of the treaty. A new tone is observable in the German press; for example the Liepziger Volkszeitung in explaining the enormous indemnity figure, says:

"It must be remembered that great tracts of French territory have been rendered useless for many years. The devastated regions are twice the size of Saxony. Moreover, Germany took considerable quantities of stocks and bonds from the occupied territories. In the export warehouses stocks of manufactured goods were taken to Germany, together with the cargoes from the ships at Antwerp and the different river boats. Finally, even the kitchens and bedrooms of the inhabitants in the occupied territories were entered. There is not a place where a German non-commissioned officer armed with a requisition slip has not presented himself. The confiscated merchandise was resold in other countries with enormous profit."

"Better still, systematic devastations were operated in the leading industries on a great scale. First the warehouses were emptied, then parts of the machinery were confiscated, and even the old iron were resold. Factories, looms, foundries, machine shops all fell into the hands of the devastation commission. It was thought thus to get rid of competition for many years or during the long period which France and Belgium would need to reconstitute their industries and restore the devastated lands. Germany hoped to be able immediately after the war to offer her products to the world."

The German people seem to have been kept in ignorance hitherto of the acts committed by the German armies. They are just beginning to learn the truth.

## Bolshevists Routed by Poles

Warsaw.—On the Lithuanian front the Bolsheviks launched strong attacks against Podbrodzie, northeast of Vilna, but were repulsed with heavy losses. Polish advance guards have reached Bolniki. German trench mortars and artillery, it is added, have bombarded Polish positions on the front in Posen and Dombrowka. There has been sharp rifle firing on various other sections of the front.

# Germans Are Given A Time Extension

New York.—The Associated Press issues the following:

"A period of seven days of grace has been extended to Germany by the representatives of the entente and associated governments, in which the German plenipotentiaries may conclude their study of the peace treaty and formulate such replies to the various clauses as they desire."

The extension of time, which originally was to have expired at noon, Thursday, was granted at the request of the Germans, who advanced the plea that more time was required in order that they might formulate arguments of such importance and length that, were the original date adhered to, it would be impossible to complete them; thus the time has been set forward to Thursday, May 29.

Efforts made in Germany to ascertain even the gist of the contents of the proposed reply of Germany have been without reward. A report has it, however, that lengthy notes dealing with Alsace-Lorraine, the east Ger-

## Italians Hold Back

Not Disposed to Agree With Terms Offered to Austria

Paris.—The Temps anticipates that the revision of the peace treaty which is to be offered the Austrian plenipotentiaries at St. Germain will be delayed for a few days. This will be due, the newspapers say, to the fact that the Italian government appears not disposed to sanction the new Austrian Jugo-Slovak frontier, so long as the question of the frontier between Italy and Jugo-Slavia remains undetermined.

## Papal Secretary Pleads For Huns

Note Declares Peace Proposals Are Impossible

Rome.—Cardinal Gasparri, the papal secretary of state, had written in the name of the Pope an official note to Col. E. M. House, of the United States peace delegation, transmitting the arguments sent to the Pontiff by the German ships to demonstrate the absolute impossibility of their country fulfilling the peace conditions imposed by the allies.

In his note, Cardinal Gasparri explained that the Pope takes this step in favor of Germany as he would do for any country requesting his assistance, as he is only animated by humanitarian feelings. The cardinal adds that the Pope has done this the more willingly since he was also urged to undertake this initiative by a country belonging to the entente. He begs Col. House to submit the situation to President Wilson, hoping that the latter will use his power of the influence with the other delegates of the various powers with a view to securing a peace which will really be lasting.

## Germans Resented Week Of Mourning

Order Decreed by Government Far From Being Effective

Paris.—The week of mourning in Germany decreed by the government because of the terms of the peace treaty appears to have met with little success. The German musicians in particular seem to be resentful over the order as a measure which prevented them from earning their daily bread, while the Taegliche Rundschau and the Berlin Tageblatt admit that the mourning was far from being completely effective. Reports are that nearly all the music-halls remained open, and that in some places the people danced all night. One bit of pungent comment comes from the Volksblatt of Halle, which says:

"It is not now, but on August 1, 1914, that general mourning ought to have been ordered in Germany."

## Delegates Say Terms Unacceptable

Copenhagen.—The conference of German political leaders and German peace delegates at Spa agreed that the peace terms were unacceptable, according to a dispatch to a German semi-official statement, and that Germany will leave no stone unturned in an attempt "to find a practicable basis of peace which takes into account our opponents' justifiable demands and those capable of being borne and carried out by the German people."

## Typhus Is Raging Among Bolsheviks

In Rumania, Ukraine and Galicia Stories Told Are Gruesome

Vienna.—Typhus is raging among the Bolshevik troops operating against East Rumania, and also among the troops and people of Ukraine and in East Galicia and Lemberg.

E. A. Frick, Swiss agent of the International Red Cross and a nephew of H. C. Frick, of New York, has arrived in Vienna, suffering from typhus. He spent March and April in Galicia and the Ukraine. Among 2,000 Austro-Hungarian prisoners returning home from Russia and halted by the Czechs, one-tenth are dying from typhus. So many have died in box cars that their comrades merely threw the bodies out, leaving them unburied along the tracks.

It is feared that the Polish army, under Gen. Haller, will contract the disease, which is prevalent in the oil fields they are occupying. The hospitals in Lemberg are filled with typhus cases.

## Zecho-Slovaks Return

Shipping Is Being Gathered Up to Transport Fighters

Vancouver.—The Czechoslovaks, formerly of the Austrian army, who deserted in Russia rather than fight for their oppressors, and who later freed Siberia from the Bolsheviks, are returning to their home in Bohemia. Shipping is now being gathered up with which to transport these great fighters back by way of Vladivostok and the Mediterranean.

This was the report brought by several Czechoslovak officers, who arrived by the Empress of Japan from Siberia. The party is taking home to Bohemia the archives of the Czech campaign in Russia. With exhibits included, their freight amounts to almost 30 tons. They will go by way of Winnipeg, Toronto and New York.

## German Captain Suicides

Was Arrested on Charge of Common Robbery

Coblenz.—Max Kaesch, formerly a captain in the German army, who was arrested several days ago by United States intelligence officers on a charge of having in his possession property stolen from France, committed suicide by stabbing.

Kaesch was arrested at the request of the French military authorities, who planned to return him to France and try him on a civil court charge of common robbery. Kaesch was turned over to the French authorities, and killed himself in the jail at Boppard, in which he had been placed for the night.

Linen and other property found in the officer's home in Coblenz, the authorities say, was stolen during the war from French homes in Douai.

## Canadians Did Not Fight In Siberia

Vladivostok "Dirtiest Place in Creation" and "Pigs More Common Than Dogs"

Winnipeg, Man.—Speaking of the work done by the Canadians at Vladivostok, Capt. J. King, of Toronto, in charge of 250 of the Siberian forces, said there was practically nothing in the way of actual fighting so far as the Canadian force was concerned. There was trouble now and again in the interior, chiefly because of the activities of the Bolsheviks, and Canadian detachments would be sent along with British, Japanese and other allied forces to restore order. This generally would be speedily done.

Of Vladivostok, the men had little to say of a favorable nature. "The dirtiest place in creation" was how one man described the city. "Pigs were more common than dogs on the main streets," declared another.

## Reds Preparing New Drive

Paris.—The Russian Bolshevik foreign minister, Telichterin, in a message to Bela Kun, the Hungarian communist leader, concerning the reported advance of Admiral Kolchak, head of the Omsk government, declares the situation is misunderstood. He says that Admiral Kolchak is in a less favorable position than is supposed and that the Bolsheviks are preparing a counter-offensive which they hope will be successful. This information is contained in a wireless message received here.

## Strong for Der Fatherland

Bastrel.—At a meeting at Kaiserstrautern, in the French area of occupation, more than 500 school masters and school mistresses of the Palatinat adopted a resolution asserting their attachment to Germany.

The resolution also protested against any attempt to separate the Palatinat from Germany.

## Canadian Claims For War Losses

Caused By Illegal Methods Adopted By the Germans

Ottawa, Ontario.—A memorandum has been prepared for the Canadian Government dealing with the claims for compensation for Canadians for losses during the war caused by the illegal methods of warfare adopted by the Germans and their allies. Claims up to the present moment have been received for some \$34,000,000, while others are still being received. The greater part of the Canadian claims are made up of shipping losses, there being 36 ships of which Canadians were either owners or part owners which were illegally destroyed by the Germans.

This memorandum makes public for the first time the close proximity to the Canadian shores of the enemy submarines during 1918. The schooner Dornfontein was attacked off Gannes Rock, the Bay of Fundy, in August, 1918; the steamer Erik, 70 miles from Gallantry Head, on a voyage from St. Johns, Newfoundland, to Sydney, Cape Breton, on August 25; the oil tanker Luz Blanca, outward bound from Halifax, was attacked off Chubucto Head in the same month; the trawler Triumph was captured by a German submarine on the Middle Ground on August 22, was converted into a raider and in turn sank the Sylvania 90 miles from Canso, Nova Scotia. Eleven Canadian fishing vessels were sunk by enemy submarines and the Triumph in July and August, 1918.

## Praised British Courage

Kitchener Knew Country's Unpreparedness When War Started

London.—Sir George Perley, Canadian high commissioner, probably without deliberately intending it, has added an interesting contribution to the discussion now proceeding regarding Viscount French's memoirs of the 1914 operations.

Speaking at Dudley, Sir George spoke of meeting Lord Kitchener when the first Canadian division was inspected by the King on Salisbury Plains, and added: "Kitchener told me at that time a good deal about the unpreparedness of this country for war. He said the government had shown great courage in taking up the German challenge; in fact, he doubted if they realized themselves how much courage they had shown. He said he would not have minded being without rifles, guns and shells if there were any factories available for making them, but as a matter of fact he would have to put up buildings to provide the necessary facilities before manufacturing these vital things. He said it would take a long time to do this as well as to train the necessary workmen. He was sure the war would last two years at least, probably three. I doubt if anyone had as sure a vision of the reality of the struggle as Kitchener himself."

Representatives of Ukraine and Poland appeared before the Council of Four, but no decision on the situation was reached.

## Does Not Advise Alliance With Reds

But German Chancellor Referred to It As Possibility

Paris.—An important meeting to consider the peace situation was held in Berlin. It was attended by all the members of the German cabinet, representatives of the various political parties and a number of generals. The newspapers say, Chancellor Schiedemann, it is added, referred to the possibility of an alliance with the Russian Bolshevik government, but without advising it.

Field Marshal Von Hindenburg is reported to have told the meeting that all resistance was impossible and that the military leaders were inclined to the necessity of signing the treaty.

It was reported in Versailles without confirmation that Count Von Brockdorff-Rantzau had offered his resignation, and would be replaced eventually by Chancellor Scheide-mann.

## Turk Detachment Captured

Saloniki.—A Turkish detachment, which at the instigation of the Young Turks' agents attempted to resist the Greek troops at Smyrna, was overwhelmed and captured, according to an official statement issued by Greek general headquarters.

The captured detachment was handed over to the British naval authorities in the Aegean Sea.

## Polish Armistice Fails

Paris.—The commission appointed by the supreme council to arrange an armistice between Poland and Ukraine has been dissolved, and the next development in the situation appears to depend on what action the Poles may take.

## Germans Must Share Economic Losses

Protest to Peace Terms Answered By Allied Governments

Paris.—A reply by the allied and associated governments to the German note protesting against the economic terms of the peace treaty as being calculated to cause the industrial ruin of Germany has been delivered to the German plenipotentiaries. The reply is under eleven heads, and answers each German contention. It declared that the allied and associated governments, in framing the economic terms, "had no intention to destroy Germany's economic life."

On the contrary, the report points out that in the reconstruction of the world's affairs Germany will have her part in the progressive development, but also will share with the rest of the world in the economic losses and disadvantages inevitably resulting from the war.

The reply declares that the German note fails to take into consideration the fact that the disarmament of Germany and the end of militarism will relieve the German people of an immense burden of taxation, and return to the ranks of useful production millions of men formerly in the army who have been entirely withdrawn from industrial or agricultural activity.

The reply also makes an emphatic rejoinder to the German complaint that the loss of the German merchant marine will throw out of work thousands of German merchant seamen. The allies' answer is that the destruction of merchant ships, chiefly by German submarines, has had the unfortunate effect of limiting the opportunities for work of seamen throughout the world, the allied powers being the greatest sufferers. It adds that there clearly is no reason why Germany should be exempted from its share of the economic disadvantage growing out of this destruction of merchant ships.

The reply on the economic objections is regarded as one of the best documents in the exchange of notes.

## Rumanians Protest Against Polish Advance

Poland Has Not Ceased Fighting in Accordance With Paderewski's Pledge

Paris.—The Ukrainian armistice commission here has lodged a vigorous protest with the Peace Conference against the Polish advance in Galicia subsequent to the Paris agreement providing that hostilities be suspended. Premier Paderewski's inability to fulfill Poland's pledge to the entente, that the armistice would be respected, is causing much embarrassment to the allies. The supreme economic council discussed the advisability of continuing assistance to states asking for supplies, but fighting on regardless of pledges.

Representatives of Ukraine and Poland appeared before the Council of Four, but no decision on the situation was reached.

## Minister Of Blockade Resigns

French Leader Considers Terms of Treaty Too Generous

Paris.—Baron Denys Cochin, former minister of blockade, has resigned from the right group in the chamber of deputies, after a meeting of the group, at which it was decided to send a note to Premier Clemenceau criticizing the peace treaty.

In a letter addressed to the Temps, Baron Denys Cochin considers that the treaty is too generous and unworthy of France and her allies. If it weighs heavily upon Germany, he said, it is because Germany's crimes "were big, and that her reparations will be costly—which is justice."

## "Black Watch" The Best Black Plug Chewing Tobacco on the Market

Pays Tribute to Admiralty

London, England.—The Japanese Minister of Marine has cabled the British Admiralty as follows: "Pray accept my hearty thanks for kindness and courtesy extended to Admiral Sato's squadron when it visited your country to take over German submarines allotted Japan, and for unfailing courtesy and assistance of competent authorities at different ports visited, to whom I trust expression of my deep appreciation may be conveyed."

## Dutch Credit to France

Paris.—The Dutch government, according to a dispatch from The Hague, in order to co-operate in the reconstruction of Northern France, has submitted a bill to the state council granting France a credit of 25,000,000 florins for five years. France would spend the money in Holland for supplies of various kinds.

# Liquor Prohibition Is Upheld in Commons

## Prince of Wales Coming to Canada

Will Open the New Parliament Buildings at Ottawa

Ottawa.—The Prince of Wales will visit Canada in August of this year, and will open the new parliament buildings at Ottawa. Sir Thomas White stated in the house that he had received a message from His Majesty the King, through the Governor-General, as follows:

"I am very glad to tell you that, with my entire approval, the Prince of Wales will visit Canada this year in August. He will open the new parliament buildings in Ottawa."

It is understood that the Prince of Wales will also open the Canadian National Exhibition at Toronto the same month.

## British Aviator Undaunted

Rayham Still Intends to Attempt a Non-Stop Atlantic Flight

St. John's, Nfld.—Frederick Rayham, the British aviator whose intention to attempt the ocean flight with Harry Hawker, believed to have been lost at sea, came to grief when his Martinsyde plane was wrecked while running to the "take off," announced that he was in the race again for the first non-stop ocean air cruise. Recovered sufficiently from injuries suffered when his plane collapsed, able to leave his bed, Rayham said that the machine could be rebuilt with spare parts at hand here, provided the motor was in working condition.

While the Handley-Page and Vimy mechanics are assembling their huge machines for the Atlantic "hop," the little Martinsyde will be removed to town for repairs.

Captain C. W. F. Morgan, Rayham's navigator, will not be his partner in the new trans-Atlantic flight he is planning. Morgan's physicians told him his flying days were over, and it might take him two or three months to recover from the injuries he suffered in the wreck of the Martinsyde. Rayham has not named a substitute for him.

Wireless enquiry in all parts of the north Atlantic has brought no news of Hawker. His plane has been neither seen nor heard from since it was seen by the signal hill lookout at the harbor mouth, disappearing over the ice strewn Arctic current to the east.

## Salzburg Defies German-Austria

Vienna.—The German-Austrian government is being defied by an autonomous government which has been established in the province of Salzburg, western Austria. The members of the new government issued a decree forbidding residents of Vienna from residing in Salzburg and announcing their opposition to the system of exchanging food for foreign countries received in Vienna for the agricultural products of the province. The Salzburg government also is refusing to hand over to the central government in Vienna the proceeds of the income tax.

## Volunteer for Special Reserve

Melbourne.—Returned Australian soldiers have been exempted from compulsory service in the Australian army under the Defence of the Realm act. Many of them, however, are voluntarily joining the special reserve being organized in the Commonwealth.

# Turkey Presents Complications

Paris.—The Turkish problem has become most acute in the peace conference. Various delegations are striving to find some solution for the dismemberment of the empire which will not provoke a religious war.

The United States is being looked to by the other powers as the only nation which can become mandatory for Constantinople without the danger of precipitating another European war, but the United States delegates to the peace conference express doubt of the willingness of the United States to accept the mandate, especially under the conditions which the powers have outlined.

With the Sultan expelled from Constantinople, the United States delegates expressed the belief that it might be possible for the United States public to become reconciled to the mandate. However, the Indian empire,

OTTAWA.—The commons deliberated the methods of the government bill validating, with modifications, the orders-in-council passed under the War Measures act relating to prohibition in Canada. The discussion took place in committee and was for the most part based upon an amendment moved by Hume Cronyn, which would have permitted the manufacture of Ontario of beer of a greater alcoholic content than two and a half per cent. for export to other provinces where its sale is permitted.

Frank criticism of bone-dry prohibition came from Dr. Blake, member for North Winnipeg, who asserted that there has been too much control of the action of the people and that "prohibition was the straw which had broken the camel's back, and precipitated unrest in the country."

At the evening sitting, Hon. N. W. Rowell spoke at some length in support of the bill, declaring that no one piece of legislation had been received with so many expressions of approval.

He asked the committee to consider what the situation in Winnipeg would be today were the bars open. Dealing with the matter of permanency, Mr. Rowell said that the government was redeeming its pledge to the people by enacting the legislation for another year. During the next year some of the provinces would express their opinions with regard to prohibition, and this would have a bearing upon the situation.

After some further discussion, Mr. Cronyn's amendment was declared lost, and the bill was reported from committee. It stands for third reading.

## Russia at War With Rumania

Bolshevik Troops Have Defeated the Rumanians and Occupy Two Towns

London.—Owing to Rumania's disregard of the ultimatum from the Russian Soviet government demanding an evacuation of Bessarabia, a state of war exists between Russia and Rumania according to a wireless dispatch from Moscow received here.

Bolshevik troops have crossed the Dniester river in the Tiraspol district, where they have defeated the Rumanians, and occupied Tchegrutchi and Bender, the dispatch says. Bender is on the west side of the Dniester and 58 miles from Odessa. "Near this town is the village of Varnitza, where Charles XII. took refuge after the battle of Poltava in 1709."

## German Officers to Be Tried

London.—Frederick William Hohenzollern, the former German Crown Prince, will be liable to trial under the terms of the German peace treaty, it was declared by Mr. A. Bonar Law, the government leader in the house of commons. Mr. Bonar Law said that the commandants of prison camps would also be liable under the treaty's terms.

## Chinese Students Protest

Tokio.—A number of the leaders of the Chinese students in Tokio, writing their names with their own blood, have signed a resolution calling upon four thousand of the students in Tokio to return to China to protest against the Peace Conference decision in regard to Shantung and against the alleged ambitions of Japan in China.

It is a wise man that does not repeat his own wisdom.

## Don't Read This

It won't interest you unless  
you own or drive a Ford car  
BUT

We are installing our Electro Magnetizer and invite you to call and see it work. Many Fords that have been in use one or more years are in need of Electro service due to weak or shorted magnets causing the car to start hard, burn too much gasoline, miss when running slow, poor lights or coils, points burning or sticking.

## Electro Service

In addition to locating troubles such as end play in crank shaft, coil troubles and etc. will burn out shorts in the magneto and charge the magnets stronger than when new.

Don't forget we weld Ford frames without removing them from the car
